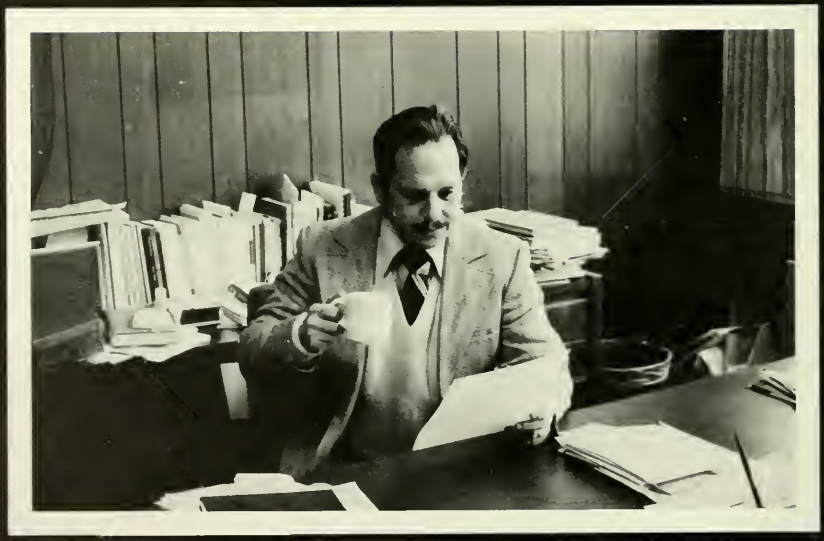
Mrs. T. Audean Duespohl; Thank-you for your time and effort given toward the production of the Pathfinder. Without your help the Pathfinder would not exist.



CLARION STATE COLLEGE
VENANGO CAMPUS
1801 WEST FIRST STREET
OIL CITY, PENNSYLVANIA 16301
(814) 676 - 6591

January 30, 1981

Dear Students:

With the conclusion of this semester, Venango Campus will have completed its first 25 years of existence. In this period, Venango has established a solid reputation as an institution committed to students and to the community which it serves. As with all human experiences, the Venango experience has, I am certain, both high and low points for the students and the staff. Yet the sum of these experiences results in a solid product--talented nurses and business people, well-educated transfer students, and effective social service personnel. The first two years of college is but the beginning of the seach for the life style that is productive in both a personal and a professional sense. I hope that your time at Venango Campus will in retrospect, provide you with meaningful memories and a feeling that you discovered a personal path that you wanted to explore further.

Sincerely,

Charles Blank

Charles Blank
